Work Experience

- **23.08.2025 - 17.08.2026**
Software Designer (Trainee)
Beamex Oy Ab, Kajaani, part-time contract
 - I worked alongside my studies in R&D as part of an Embedded Software team, developing automated test scripts for Beamex's MC6 calibrators.
 - The Working language is mainly English, as most of my colleagues do not speak Finnish.
- **12.05. - 22.08.2025**
Software Designer (Trainee)
Beamex Oy Ab, Kajaani, Summerjob
 - I worked for the summer as part of the Embedded Software team, working on software translations and manually testing calibrator software builds.
 - Developed automated test scripts for calibrators.
- **10.01. - 17.03.2023 And 21.03. - 20.05.2022**
Game Developer (Intern)
Platonic partnership, Vaasa, Internship
 - Learned to develop game prototypes with other interns in a team.
 - Used C#, Unity, Asesprite and Photoshop to create prototypes.
- **09.08. - 08.10.2021**
IT Support (Intern)
Gigantti Oy, Vaasa, Internship
 - Worked at IT Support at the store's support desk.
 - Installed, updated and repaired phones, computers and tv's among other electronic appliances.
